BLACK TO SPEAK HERE ON MAY 17

Will Formally Open Campaign For Governorship Then—Stanley Re-Signs May 19 and Black Will Be Governor.

Lieut. Gov. James D. Black will formally open his campaign for the democratic nomination for governor here in Richmond, Saturday, May 17th. He will speak at the court house at half past one o'clock, and will discuss the issues of the campaign.

Richmond is proving a popular place for campaign speakers to open. Judge Carroll having spoken here Monday in opening his campaign. Friends of Gov. Black have known for some time that he would open here and have only been waiting the naming of the date. It is expected that Gov. Black will have a number of interesting things to say about the issues in this race, and his friends are more confident of his nomination in the August primary than even before. He is spending practically all of his time campaigning over

the state and is meeting with encouragement wherever he goes.

Headquarters for Gov. Black will be opened at the Louisville Hotel in Louisville next week, and from then on an active campaign will be waged to land him a victor.

Gov. Black will take the reins of the gubernatorial office at Frankfort May 15th, at which time Gov. Stanley will resign to become United States Senator. Stanley will go to Washington to work in the special session, which President Wilson has called. A dispatch from Frankfort said today:

The executive office force, including Executive Marshal George Farris, of Lancaster, are holding under four year appointments. Miss Minnie Mahler, secretary to the governor, will be his secretary in Washington, and the new secretary and stenographer to appoint.

The change will have considerable political significance. Henry Hines, Chairman of the Board of Control, and Thomas Pannell, State Fire Marshal, are supporters of Rhea in the state primary, in which Lieut. Gov. Black is one of Rhea's opponents. The Board of Control is under the executive department, managing all the prisons and state hospitals. The Fire Marshal is under the State Auditor, and if Auditor Green resigns and the new governor appoints the Auditor the Fire Marshal's force also will be affected by the change.

Gov. Stanley said he would call an election in the Eighth Congressional district before the Congress convenes. He died March 2. As 20 days must elapse between the election proclamation and the election date, it will not be possible for the Eighth to have a representative in Congress until some time after the extraordinary session convenes.

FINALLY HAD TO LIVE ON BREAD AND MILK

Meritone Makes Wonderful Change and He Can Eat Meat Three Times a Day Now.

"My health got so bad that my work at the barber shop got to be an absolute burden," said Robert Hardin, a well known barber of 24 Oak street, Chattanooga, Tenn.

"For more than a year I suffered from stomach trouble. I couldn't eat meat or any kind of solid food without the most severe kind of suffering and pain, and finally got so that bread and milk was all that I could eat. I was told that my stomach was ulcerated."

"Finally my nerves became affected and I couldn't sleep. All day I would be almost dead on my feet."

"I tried almost every kind of medicine I ever heard of and spent a lot of money to find relief but nothing helped me."

"Finally a customer of mine, a prominent insurance man, told me of Meritone and I knew if he recommended it, it must be all right. So I bought a bottle. The change Meritone has made in me is wonderful. My stomach seems to be in perfect condition and I can eat meat three times a day and all I want and then feel like the best man never have the least trouble with my stomach now."

"I feel like I was never sick a day in my life and I consider Meritone the greatest medicine of our age."

Meritone is sold exclusively in Richmond by H. L. Perry & Son.

HAMLETT'S CAREER A TEMPERANCE SERMON

Barkdale Hamlett, who was the democratic nominee for Secretary of State in 1915, died at Eschbush sanitarium, Louisville, Wednesday night. Death brought an end to a life which at one time seemed to hold every promise. But he became a demon of the demon drink and sank rapidly.

Although only 40 years old at the time of his death, and for the past four years practically in retirement, Hamlett served as Superintendent of Public Instruction for four years, and had been superintendent of schools in Hopkinsville and Henderson.

In 1915 Hamlett was the nominee for Secretary of State on the democratic ticket with Gov. Stanley. In that memorable contest Gov. Stanley and the rest of the democratic candidates pulled through by small majorities, but Hamlett was beaten by James P. Lewis, Hamlett being the only losing democrat and Lewis the only winning republican on the state ticket.

After this defeat Hamlett was a broken man. He purchased the Adair County News, published at Columbia, and acted as editor, but his wife, in a suit for divorce filed recently, set forth that he had a confirmed habit of drunkenness and was wasting his estate. Soon after Hamlett's condition was such that he had to be taken to a sanitarium.

Hamlett was born in Prince Edward county, Va., February 3, 1879. He was educated in Virginia, became a teacher, and while a young man was elected superintendent of schools at Hopkinsville, where he made a fine reputation. He had also been principal of the Barrett Manual Training School at Henderson. He was elected Superintendent of Public Instruction in 1911 and served four years. He had been president of the Kentucky Educational Association.

He married Miss Daisy Crume, of Hardin county, Ky., in May, 1899, and three children have been born as a result of the union. He was a prominent lodge man, being a member of the Masons, K. of P. and Woodmen of the World.

WILL HUNS SIGN

(By Associated Press)

Versailles, Thursday, May 8.—The question of whether Germany will sign the peace treaty is the pressing question of the hour. It is impossible yet to gain any indication of the attitude of the German delegates here, but information from German sources it is quite possible that the Ebert-Schledemann government is considering its fate should it accept the drastic treaty and go down in a blaze of patriotic glory. Experts here believe it is not impossible that the present government may refuse to sign the treaty. They expect in that event the existing government would fall immediately and be succeeded by the Independent Socialist government, which would sign any treaty without, however, any intention of binding itself, if opportunity arose, to disregard the conditions.

HOW'S YOUR BLOOD?

Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and bark such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

"The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs."

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

LEMOIR, N. C.—"Dr. Pierce's Golden Medical Discovery is a great medicine for me in building me up when I feel run-down in health. It gives me strength and health. I have been using it at different times for thirty years or more. I begin to use for catarrh, with extreme remedy prepared by Dr. Pierce, and it greatly relieved me. I can heartily recommend the "Discovery" as blood purifier."
